### SARVER AND WYATT CHOSEN MEMBERS STATE COMMITTEE EIGHTH DISTRICT

FORMER SUCCEEDS LATE JUDGE  
J. C. KUMPE AND LATTER CAPT.  
ED BETTS OF HUNTSVILLE

### DRYS CARRY EVERY POINT

CONSTITUTIONAL PROHIBITION  
WILL NOT BE SUBMITTED DI-  
RECT TO VOTERS; PRIMARY  
PLAN ADOPTED

Chas. Sarver, of Athens, and Dr. Inzer Wyatt of Huntsville were elected members of the state democratic executive committee, in session at Birmingham, as representatives from the Eighth District. Mr. Sarver succeeds the late Judge J. C. Kumpe of Moulton, while Dr. Wyatt succeeds Capt. Ed Betts, now with the colors. Mr. Sarver, an amendment, defeated Judge John C. Eyster, of Albany, anti-amendment, by a vote of 25 to 11. This vote represents the strength of the two factions.

Other members from the Eighth district are A. G. Patterson, of Albany, who attended the committee meeting and Virgil Bouldin, of Scottsboro. The state committee, by a vote of 23 to 14, declined to submit the question of constitutional prohibition to the voters. The anti-amendmentists advocated the submission of the question at the August primary. Under the present arrangement, the fate of the national prohibition amendment will be determined by the selection of representatives in the next legislature.

**Primary Plan**  
The following primary plan was adopted, in the form of a resolution: "1st. That a democratic primary election be held in the state of Alabama, and each political subdivision thereof, on the second Tuesday in August, 1918, under the general law governing primary elections in the state of Alabama, at which there shall be nominated by the voters in the said democratic primary election democratic candidates for the following state offices:

"One United States senator, members of congress and all executive legislative and judicial officers of the state, or any political subdivision thereof, which are to be elected at the general elections in November next.

"2nd. That at said primary election all qualified electors are permitted to vote and participate therein who believe in the principles of the democratic party, and will agree by their participation to support all the candidates nominated in said primary election.

"3rd. That the democratic executive committees of the various counties shall appoint democratic election managers, clerks and returning officers to hold said election, who shall have the same under the provisions of the general laws of Alabama governing the holding of primary elections, and make out returns of the results of said elections in said various counties, which returns shall be made as to the votes on the county nominees, to the chairman of the county executive committees, and the results of the votes on the district and state offices shall be made by the chairman of the county committee to the chairman of the state democratic executive committee.

"4th. That, at said primary election, there shall be elected a state executive committee to be composed of the members from the state at large, and four members from each congressional district, and the person receiving the highest number of votes in each congressional district shall be a member of said committee from the state-at-large, and the four receiving the next highest number of votes in each congressional district shall be the members of the said committee from the respective congressional districts.

"5th. At least 60 days prior to the date of the holding of said primary (Continued on Page 5)

### Morgan County to Vote August 13 on 3-Mill Tax

Board of Education Will Submit Matter to Voters On  
Date of State Primary

The school tax campaign will be under the direction of the following committee, named by the county board of education:

W. A. Bibb, chairman; J. H. Calvin, A. E. Jackson, R. L. Quinn, R. A. Summerford.

The Morgan county Board of Education, at a meeting held late yesterday, decided to call an election for August 13—the date of the primary—for the purpose of determining if a 3-mill school tax shall be levied in the county.

This will be the second time that the voters have been asked to say if Morgan county is to join the ranks of the progressive counties of the state that are forging ahead along educational lines. Since the issue was defeated in the former election, due to the apathy of the voters, the need for increased school funds has been much more keenly felt. This is due to the fact that the price of all commodities has increased, as has the cost of living, necessitating the payment of larger salaries to teachers and for other legitimate expense. Cotton has jumped to 30 cents per pound, wheat to considerably more than \$2 per bushel, and other articles in proportion.

Owing to the small salaries now paid to teachers in Morgan county, the board of education and the county superintendent have been compelled to

employ some young women just out of school, and with no practical experience, also teachers of inferior ability who would find trouble in securing employment elsewhere. But for the fact that many of the teachers in the public schools reside at home, and for that reason will accept much smaller salaries than they could secure elsewhere, it is now a practical certainty that many of the schools would be closed for lack of instructors.

Every male teacher in the county between the ages of 21 and 31 years will have been called to the colors before the beginning of the next school year. This is true of every county in every state of the union. In consequence, the number of available teachers is reduced more than 25 per cent, while the number of schools has increased.

Morgan county during the past year has made splendid educational strides. Several very handsome school buildings have been erected in a number of rural precincts, while in some instances wagons are used for collecting the children and conveying them to and from school, a method that is now popular in some of the more enterprising sections of the East. It is thought that the increased pride which the county is taking in educational affairs, as well as the very apparent need for additional school funds, will insure the ratification of the 3-mill tax.

### Pastors Urge Special Prayer For Nation In Time of War

At the regular meeting of the Pastors' Union of Albany-Decatur on the morning of May 20 a resolution was passed that the undersigned, acting as a committee on behalf of the body, should formulate and pass certain recommendations for the observance of special prayer for the nation in this time of war. The following are the recommendations:

We commend most heartily the practice of ringing the bells of the cities in the evening as a special call to prayer, and we urge the Christian people of our community to suspend the pursuit of either business or pleasure to give time for brief and earnest prayer for our leaders, the men of our army and navy, and the success of our cause.

The President of the United States by proclamation, and in response to a concurrent resolution of both houses of congress which was passed by unanimous vote, has set aside Memorial Day, May 30, as a day of fasting and special prayer. We recommend that

the doors of our several churches be opened on this day at 12 o'clock noon and at 7 o'clock p. m., and that a brief prayer begin, within ten minutes thereafter, such service to continue for about fifteen minutes. In South Albany prayer service will be held in the shops, conducted by the local pastors beginning at 12:20 p. m. and at the churches at 7:30 p. m.

8:30 p. m.—Musical program—Lincoln Ladies' Orchestra.  
9:00 p. m.—Wonders of Electricity—Reno B. Welbourn.

The Lincoln Chautauqua opens this afternoon at 3:30 o'clock at the Chautauqua grounds on the post office site in Decatur for a week's run. The opening bill consists of a program by the Lincoln Trio, three men who can sing, and a lecture tonight by Booth Lowery, one of the most popular platform entertainers in the South. He comes from a prominent Mississippi family of educators.

Thursday's program is one of more than ordinary interest. In the afternoon Chief Tahan, captured and adopted by a band of Kiowa Indians when he was two years old, and recaptured by General Custer, will give his thrilling lecture, "Up From Savagery." On Thursday evening Reno B. Welbourn will give a practical demonstration of the wonders of electricity. The Lincoln Ladies' Orchestra, composed of seven gifted musicians, will give a program afternoon and night.

Acting Supt. N. L. Robinson was in charge of the opening program today.

### DECATUR NEGROES GIVE LIBERALLY TO THE RED CROSS

FIVE HUNDRED DOLLARS IS SUB-  
SCRIBED AT MASS MEETING  
HELD LAST NIGHT

The impressive sight of the second Red Cross meeting in Decatur was nine relatives of negro soldiers in training or in France as they stood in front of the chance of the Baptist church last night when Chairman T. M. Jones directed his second drive and netted the Decatur chapter \$510 additional to the over \$5,800 garnered prior to this meeting.

As the negro relatives stood before them, the audience sang as only the colored people can sing, "The Old Time Religion," "The Old Ship of Zion" and "Swing Low, Sweet Chariot." As these people threw their souls into this rare music and as the Methodist pastor prayed for the success of the Allied armies and for thy servant, the president of our country, there appeared to the imagination a bulwark of power and patriotism which made the feeble attempts of the Germans in this country, by lies to win the negroes, seem very silly and most unworthy of the brains of "supermen."

**Chairman Jones Makes Report**  
Chairman T. M. Jones' report showed \$6,000 in sight, with possibly ten thousand by Saturday night.

H. L. Morrill was in charge of the collection and his skill was quite as effective as at the city hall meeting the night before. In fact, according to their means, the colored American surpassed their white compatriots.

John D. Wyker set \$500 as the goal for the night, and would not let any one leave the church until the full amount was given.

The speech of the evening was made by Attorney Frank Dominick of Birmingham. His reputation as a able speaker was fully sustained and he aroused great enthusiasm. After he had seen the noble response of the negroes he declared that not another such patriotic meeting would be held throughout the entire state.

The following negroes with the aid of a few of their white neighbors subscribed the \$510:

### BETHUNE IS RAKED BY ARTILLERY FIRE AIR IS POISONED

Enemy Directs Attack Against Important  
Strategic Railroad

### THE ITALIANS REPORT SOME SUCCESSES

Small Damage Done At Paris By Hostile Raiders,  
Who Were Driven Off

Ever since yesterday morning German artillery has been raking the district immediately north of Bethune with a tempest of gas shells. The air is being saturated with poison. The official report issued by the British war office both today and yesterday dwelt upon the violence of the bombardment. Bethune lies on the southern end of the Flanders front and is one of the local objectives of the Germans in their attempted sweep to the channel. It is a British railroad and base position of high strategic importance, and yesterday it was reported in flames from German shells.

So far as can be judged by the varying indications in the great battle, the Germans may be making preparations for a new drive in the direction of Bethune. They had previously attempted to storm the British defenses of the town, but their attacks all broke down. Whether the Germans will renew their pressure in this zone of the battle front is only guess work. In the meantime, during the lull in the big scale operations, the British and French continue their retrieving raids with success, winning back patches of ground and improving and strengthening their positions.

Another element in the war situation which is coming to light through the medium of information obtained from German prisoners is that the German high command is becoming alarmed over the great numbers of Americans that are taking their place on the front. Every once in a while the Americans bob up in some unexpected place along the battle line.

(International News Service)  
London, May 22.—British troops again carried out successful raids during the night, the war office announced today. German artillery was active in the sectors of Dernecourt and there was also heavy shelling in the region of the forest of Wicpepe (Flanders front). German guns bombarded British positions north of Bethune.

(International News Service)  
Rome, May 22.—"We have extended our positions at Caposile (the lower Piave), says an official announcement of the Italian war office. "There has been a rearing artillery activity. We carried out a coup de main against the enemy fortifications on Monte Stinocia, almost destroying the garrison. An enemy attack in the sector of Sodo Castello Sasorosso was repulsed. We delivered a thrust and captured some prisoners in the direction of Sener."

(International News Service)  
Rome, May 22.—The destruction of nine Austro-German airplanes on the Italian front is announced by the Italian war office. Eight of them were brought down by Italian and British airmen. The ninth was shot down in flames by anti-aircraft cannon.

(International News Service)  
Paris, May 22.—German airplanes tried to raid Paris again last night but were forced back by a terrific rolling curtain of fire that flamed against the sky from the French high angle guns. Early advices said that three persons had been killed and several wounded. The raid lasted two hours and 25 minutes, and some of the machines succeeded in penetrating to the outskirts of the city where bombs were dropped. None of them, however, succeeded in reaching the capital proper. One enemy machine was shot down in flames north of Paris.

(International News Service)  
With the American Army in France, May 21.—Tonight's official communication said: "In the course of reconnaissance combats in the Lorraine sector we captured prisoners. Here and in the Woeyre sector the artillery on both sides showed considerable activity."

(International News Service)  
London, May 22.—Field Marshal Von Hindenburg, the German chief of staff, has no hope of bringing another surprise in resuming the offensive in the west, so he is concentrating his efforts with intense thoroughness in an attempt to achieve success, according to the declaration made by a staff officer.

The allied aviators continue their harassing flights over the enemy lines and the recent air successes are the best that the allied airmen have achieved since the beginning of the war.

(International News Service)  
Washington, May 22.—The continued success of American patrol parties is shown in Gen. Pershing's daily communication, made public this afternoon. The Americans are continuing to get the best of all patrol skirmishes and to bring in prisoners.

(International News Service)  
Paris, May 22.—There is violent artillery activity in the region of Hesles and Senecat wood (on the Picardy front southeast of Amiens), the French war office announced today. There was big gun firing elsewhere on the front also. Patrols were active, principally in the sector of the Allied river.

(International News Service)  
Paris, May 22.—The Germans have been heavily shelling the camp of the Belgians, and German aviators have been carrying out several bombing expeditions, according to the latest Belgian war statement. The Belgians have carried out reprisal measures, the communication stated. The artillery fire has become unusually heavy.

## SURGEON-GENERAL GORGAS IS SIXTY-THREE YEARS YOUNG

(Editorial, Southern Medical Journal)  
The Washington Post on May 7 is responsible for the statement that Surgeon-General Gorgas will reach the retiring age of sixty-four on October 2, 1918. Of course this does not mean that General Gorgas will be retired in October, because no one would consider retiring a man who every day is demonstrating his youth and efficiency in a position of such great responsibility as that of surgeon-general of the United States army during the greatest war in history.

Those who are in a position to know regard General Gorgas as second in efficiency only to President Wilson; and they marvel at the work he has accomplished in the past year. Only a young man in vigorous health could have lived through what the general has done since the war began. Office hours begin in his office at 9 o'clock, but General Gorgas is there by 8 or 8:30, and he is one of the last to leave in the afternoon. He walks to and from his work, more than a mile, every day, and he climbs up and down the seven flights of stairs in the Mills building several times a day, because he likes the exercise and sometimes cannot wait for an elevator.

Years ago General Gorgas demonstrated that the white man can live, thrive and accomplish as much in the tropics as in colder climates. If malaria and other tropical diseases have been eradicated. Now some are believing that he discovered somewhere on the Isthmus of Panama the fountain of youth that Ponce de Leon sought in vain in the sixteenth century. At any rate, it is believed in Washington, too, that the two best places of residence in the world for developing youth and efficiency are Princeton and Panama.

It is just possible that there exists in Jersey and Panama a variety of mosquito that transmits to those whom it bites the germs of youth and efficiency. This theory, however, does not seem tenable, because the French were bitten by mosquitoes in Panama and died by the thousands, and some are said to have been bitten by the Jersey mosquitoes, and all the inhabitants of New Jersey cannot be considered presidential timber.

President Wilson is somewhat younger in years than General Gorgas and since he has one of the best doctors in the country to see him every day, to keep him well, he may be expected to continue his wonderful degree of efficiency for many years. General Gorgas is his own doctor and he is engaged in the small undertaking of keeping a million and a half boys and young men from catching measles, pneumonia and some diseases that do not affect the respiratory organs, that afflict those who have not learned how to take care of themselves—and he is doing both jobs better than any man before him ever did. If one knows of the regular life and simple and abstemious habits of General Gorgas he can understand how at sixty-three years he is younger than many men at forty. If all the soldiers lived the hygienic life that he follows, the army sickness and death rate would be negligible, though it should not be forgotten that the morbidity and mortality rates among our troops are less than half those in the Spanish-American war, and are lower than those of any other army that was ever gotten together.

Of course no one has considered it possible for General Gorgas to be retired during this war. Millions of mothers and fathers and other relatives and friends of our soldiers thank God every day that General Gorgas is directing the army of doctors who are fighting diseases that are as dangerous and that are as insidious enemies to mankind as the Huns. They feel comforted every day on realizing that Gorgas is safeguarding the health and lives of their boys. Aside from the fact that there is no one who could so ably take the place of General Gorgas as Surgeon-General of the United States and the world

owe him such a debt of gratitude that he could not be retired until his labors during the present war have been completed. His conquests over disease have been more brilliant and epoch-making than those of any general who has fought battles against man. Gorgas has brought health and happiness to millions, while wars against man have made countless thousands mourn.

The Gorgas in the surgeon-general's office at Washington today is the same quiet, smiling, genial man who eradicated yellow fever from Havana for the first time in centuries. He is the same efficient genius in organization, whose achievement in the sanitation of the Canal Zone, President Taft said, "made possible the completion of the greatest industrial undertaking in the history of the world." He is the same Gorgas, but with greater experience, whom the British government sent to go to South Africa to study conditions and advise methods for preventing pneumonia that was killing thousands of miners in the Rand and in Rhodesia. All these tasks which he accomplished prepared him for the great work in which he is now engaged; and history does not record anything more remarkable than the training, in less than a year, of the great army of doctors, nurses and hospital attendants who now protect and care for our sick and wounded soldiers in this country and France.

The wisest, the most considerate man in the world appoints the next Surgeon-General of the United States army; and since President Wilson holds justice and efficiency in such high esteem, there can be no doubt of the reappointment of Surgeon-General Gorgas when his term expires, or when he comes to the age of retirement. If the president has not the legal right to appoint a retired officer as surgeon-general, congress will enact a law giving him that privilege. Our country and the world need General Gorgas too much for his retirement to be considered until we and our Allies have conquered the Huns.

If you call it "our war" be sure you have your Income Tax Receipt.

## Cotton Seed Men Meet at Birmingham

To Arrive at Some Basis for Stabilizing the Industry

Montgomery, May 22.—Dr. George H. Denny, director of the cotton seed industry for the United States Food Administration, will hold a conference with all persons interested in cotton seed at the Hillman Hotel, Birmingham, Ala., on Saturday, May 25, at 10 o'clock a. m.

All farmers, cotton seed buyers, crushers, ginners and everyone interested in the cotton seed industry in any manner is invited and urged to be present. Dr. Denny is holding this conference in order that he may get the views of all, from the producer to the ultimate consumer of cotton seed and its finished products, and for the purpose of arriving at some basis upon which prices may be stabilized and the cotton seed industry placed on a sound footing. By doing this, speculative features may be eliminated from the business and every branch of the industry served.

**ANCIENT SAMARITAN RACE RAPIDLY BECOMES HISTORY**  
Pittsburg, Pa., May 22.—The last remnant of the ancient Samaritan race may be wiped out of existence by the war, according to E. K. Warren, president of the International Sunday School Association. Mr. Warren in his Sunday School labors in the Holy Land, found the little band of people whose ancestors made up the great northern division of the kingdom of the Jews. There were 62 persons in the group, and he has not heard a word from them in eighteen months. Mr. Warren said the race dwindled down because it would not intermarry. Two-thirds of the group were men and of these twenty-four were drafted by the Turkish government for military service.

## FOR THE RED CROSS DRIVE

Oh, when you see them aiving  
Beside the summer way.  
The little flags they put in place  
Upon Memorial Day.

Remember each is crying  
A message straight to you.  
A message straight to every lad  
Whose heart is clean and true.

They tell the splendid story  
Of those who marched away.  
In answer to a voice that said:  
"Your country calls, obey!"

They heard the call to Glory,  
As you can, if you but try;  
Your flag demands your best today,  
Not sometime, by and by.

## Why Do All Doctors Prescribe Calomel?

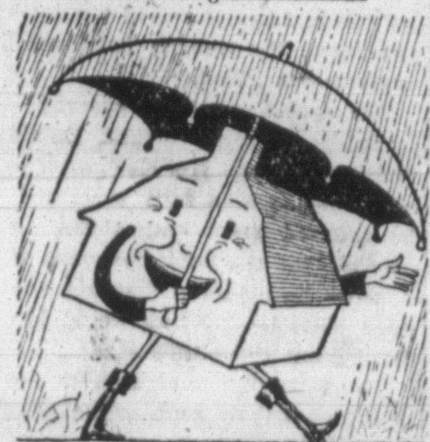

Of all the medicines in the world, doctors prescribe calomel most often and depend upon it most universally. There must be a good and sufficient reason—what is it?

If you will study the doctors' books you will find that the medical authorities prescribe calomel for almost every disease. The reason is that calomel is the greatest and only thorough system-purifier. It makes the liver active, drives out the poisons from the stomach, bowels and kidneys and thereby purifies the blood. Calomel puts the entire system in the most favorable condition for Nature to exercise her recuperative power. Your doctor will tell you that drugs merely assist nature. That is why he prescribes calomel so often.

The new kind of calomel, called "Calotabs," is refined and purified from all of the nauseating and dangerous qualities of the old style calomel and is rapidly taking its place, for it is more effective than the old style calomel as a liver-cleanser and system-purifier. One Calotab at bedtime, with a swallow of water—that's all. No nausea, nor the slightest unpleasantness. Next morning you awake feeling fine—with a hearty appetite for breakfast. Eat what you please—fruits, acids or anything. No restrictions of habit or diet.

Calotabs are sold only in original, sealed packages, price thirty-five cents. Recommended and guaranteed by druggists everywhere. Your money back if you are not delighted. (Adv.)

*A great net of mercy drawn through  
an ocean of unspeakable pain"*

**T**HERE is only one way to give to the Red Cross---  
give till your heart says stop. A little contribution  
is only a salve to pride.

This is not to say that contributions of only one  
dollar, or even of only one nickle, are not desired---and  
*needed.*

For you to give \$5 when you can give \$25---for  
you to give \$25 when you can give \$100, or to give  
\$100 when you can give \$500---is to dodge the heavies'  
bligation that this war has laid upon you.

For remember, this is *not* a charity:—this is a  
*duty.*

This is not a time to give because others give.  
This is a time to give because *others need.*

No man can tell you how much you ought to give.  
Except this: that "Over There" the *need* is so great  
that only by cutting to the quick, only by giving all  
that you think you can give and then *more*—only  
by giving not a little of your excess but much of it—  
only by taking from your own children and from your  
wife and from yourself, can the *needs* of the men who  
are fighting for you and the *needs* of the children of  
the men who have died for you be met.

Ask your own soul how much it should be!

**Every cent of every dollar received for the Red Cross War Fund goes for War Relief.**

The American Red Cross is the largest and most  
efficient organization for the relief of suffering that the  
World has ever seen.

It is made up almost entirely of volunteer workers,  
the higher executives being without exception men ac-  
customed to large affairs, who are in almost all cases  
giving their services without pay.

It is supported entirely by its membership fees and  
by voluntary contributions.

It is today bringing relief to suffering humanity,  
both military and civil, in every War torn allied country.

It plans tomorrow to help in the work of restora-  
tion throughout the world.

It feeds and clothes entire populations in times of  
great calamity.

It is there to help your soldier boy in his time of  
need.

With its thousands of workers, its tremendous  
stores and smooth running transportation facilities,  
it is serving as America's advance guard—and thus  
helping to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy and your Allies enthusi-  
astically endorse it.

Twenty-two million Americans have joined it.

## THE RED CROSS SPIRIT SPEAKS

By JOHN H. FINLEY.

I kneel behind the soldiers' trench  
I walk with shambles' smear and stench  
The dead I mourn.  
I bear the stretcher and I bend  
O'er Sammy, Pierre and Jack and mend  
What shells have torn.

I go wherever men may dare, I go wherever woman's  
And love can live.  
Wherever strength and skill can bring  
Surcease to human suffering  
Or solace give.

I am your pennies and your pounds;  
I am your bodies on their rounds  
Of pain afar;  
I am you, doing what you would  
If you were only where you could—  
Your avatar.

The cross which on my arm I wear,  
The flag which o'er my breast I bear,  
Is but the sign  
Of what you'd sacrifice for him  
Who suffers on the hellish rim  
Of war's red line.

## Newest Devices of Surgery For Our Wounded Soldiers

Rous Oxide and Fluoroscope at Hand to Give American Wounded All Chance in World.

The best is none too good for the wounded American soldier. That is the Red Cross idea. The minute scientists an improvement in surgery adopted in the Red Cross army hospitals, which are models of up-to-date completeness. This fact is vividly emphasized in a dispatch from Reginald H. Kaufman, author of "The Road to Bondage." Kaufman had allowed to accompany a badly wounded friend into the operating room. "Come on," said the interne; "your friend is in there. He's about played out; he can't stand chloroform or ether. Give him nitrous oxide." "I knew that for a patient whose sense has been diminished the difference between the old anaesthetics and this new one is frequently the difference between life and death, but I knew that nitrous oxide is not an army list and that no supplies of a year ago in France. The Red Cross has put up a plant," explained the interne. He opened the door. Bill lay on the operating

table, and the surgeons were at work. "They're after that abdominal wound," the interne told me. "They're working with the fluoroscope." "Above Bill's upturned feet and about a yard away stood an X ray apparatus. Its flesh piercing light fell on a disk of metal that an orderly held over Bill's bared waist. The violet rays passed through the disk and into the patient's abdominal cavity. The surgeon's eyes followed them through the metal and into the flesh. His knife plying fingers worked under the disk and deep in the wounded man's belly. He cut with that solid plate for a window. "He can see what he's after before he gets started," my guide exclaimed, "and if he overlooks any shell fragments there is a magnetic contrivance that sounds a buzzer when he gets near them." "It would be all right, they told me. Thanks to the fluoroscope and the nitrous oxide, a stay here under treatment and then a rest at one of the Red Cross convalescents' camps by the seaside would fit Bill for a return to the trenches."

## ANNOUNCEMENTS RECEIVED

The following announcement has been received by friends here:

Mr. John Oscar Drake announces the marriage of his daughter Aline Jones, to Lieut. Gorman Robinson Jones, on Monday, April 29, 1918, New York, N. Y.

The many friends of Mr. and Mrs. Chas. A. Weis of Alexandria, La., will regret to hear that Mr. and Mrs. John D. Wyker received a telegram last night announcing that Carl Weis was drowned Tuesday afternoon at a school picnic. Cards had been received for Carl's graduation from high school. The picnic was one of the class festivities. Mr. and Mrs. Weis were citizens of Decatur for several years.

The little friends entertained by Master George Jackson on Tuesday afternoon were Willard Proctor, who gave readings; Ruth Jackson, who also gave enjoyable readings; Clyde Johnson, Jas. E. Morrow, Bernard Buchheit, Billie Martin, John Andrew Caddell, Walter Quick, Burton Davis and Ed Ross Spurlock. After seeing the picture at the Masonic the drug store was visited, and every little boy had such a good time.

Miss Elizabeth Transue has returned home after spending the week-end with her brother in Memphis.

Mrs. James Morgan of Montgomery who has been the guest of Mrs. S. A. Owen, was called home yesterday by the illness of her mother.

Mrs. J. U. Hardman of Birmingham and daughter Virginia are guests of Mrs. W. B. Shackelford.

Mrs. W. H. Day has returned from a visit to friends at Russellville.

Miss Marie Kimbrough has returned from the east where she attended the Leland Powers commencement.

On the invitation of the hostess, the club assembled on the porch and lawn to enjoy refreshments.

Mrs. Elizabeth Peck will leave for Florence next week to make that city her future home.

Miss Kathleen Brock will visit her parents for the week end, returning to Florence the last of the following week.

Misses Carrie Cartwright and Lulu Garnett are expected home from Rome, Ga., this week where they attended Shorter college.

Miss Agnes Irwin will accompany her brother Will to Birmingham and will be the guest of Mrs. M. A. Dinsmore while in that city.

Miss Lillian Alexander will leave for her home in the Carolinas after visiting Mr. and Mrs. Frank P. Lide.

## COMMERCE BOARD HEARS SPEAKERS

PATTERSON AND SNODGRASS DELIVER ADDRESSES TO BUSINESS MEN

Cunningham Patterson, president of the Panama Canal Baseball League, brother of John Patterson of Albany and a former resident of this city, and John Snodgrass, of the U. S. army, formerly with the Decatur Cornice & Roofing company, were the speakers at the mid-week luncheon served today at noon at the Y. M. C. A.

Mr. Patterson's address was confined to a description of the Panama Canal, of living conditions in the canal zone, of the big government shops employing 3,500 men, of the locks and of other matters pertaining to the big ditch and the canal country. The address was highly interesting and instructive.

Mr. Snodgrass is here on furlough visiting relatives, while Mr. Patterson is en route to Ft. Slocum, N. Y., where he enters the engineers as a private, having volunteered, though not subject to draft.

## THE MISSES KELLER CONCERT COMPANY

The Misses Keller are experienced concert musicians. For several seasons they toured the larger cities of the South and were recognized as competent interpreters of the best in music. ## COMING TO DECATUR

## The Associated Doctors

## SPECIALISTS

Will be at LYONS HOTEL

On Friday, May 24th.

FOR ONE DAY ONLY.

Wonderful results—Marvelous demonstration in Chronic Disease Cases by their New System Treatment. OFFER SERVICES FREE OF CHARGE.

Word has just been received that the Associated Doctors, specialists, licensed by the State of Alabama, and who have met with such phenomenal success throughout the entire Southeast, will be in Decatur on Friday, May 24th, for one day only, to demonstrate their new system of chronic disease cases.

This will indeed be good news to those who find it inconvenient to visit the central laboratories in Birmingham, located at Suite 311-12 Lyric Theatre building, where the organization has southern headquarters. These regular, reputable physicians believe that the combined skill of several trained specialists in chronic disease cases can accomplish more than one doctor alone—in other words, in unity there is strength.

The offer to treat all who call on this visit, absolutely free, is their original method of getting their system of treatment before the public quicker, and no one, rich or poor, white or colored, should neglect to take advantage of their very liberal offer—ABSOLUTELY FREE (medicine excepted). No cutting. No knife.

It makes no difference how many doctors you may consult or how many patent medicines you have taken, you cannot afford to miss this opportunity of ascertaining your exact condition and be honestly advised. No one should require further evidence of the skill of these specialists, than the following letter recently received from a well known Baptist minister:

"I can't thank you enough, doctor," said the Rev. R. L. Fletcher, well known minister, as he entered the crowded reception rooms of the Associated Doctors, and continued to speak words of praise to all those assembled. "I began suffering from general break-down November 28th, last, and appeared to go all to pieces. My stomach, kidneys, heart, blood and nerves went back on me, and even though I consulted the best local doctors, they finally had to advise me that they could give me no cure, and for me to consult an expert specialist. As soon as I noticed your announcement and learned from so many people of your cures, I came to your office.

"I had indeed about lost hope, but today—even after taking your marvelous treatment—for only this short period, I am a new man; eat well, sleep well and feel like a man in my prime. I want to thank you, and my dear wife also wants to thank you, for she is so proud of my improvement. I want you to publish this statement so that others can benefit the same as I have.

"Most gratefully yours,  
(Signed) "R. L. FLETCHER."

Now that you know the truth, you have only yourself to blame if you continue to suffer from piles, kidney and bladder troubles, discharges, bed wetting, blood poison, skin eruptions, rheumatism, epilepsy, uric acid poisoning, paralysis, nervous troubles and debility, neuralgia, stomach and liver trouble, catarrh, asthma, bronchitis, pleurisy, tumors, indigestion, constipation, gall stones, ovarian and female troubles, enlarged glands or any reflex condition of the nervous system, and those diseases about which most people dislike to consult the general practitioner.

Bear in mind that this will likely be the last visit when the specialists extend their services FREE.

Hundreds have been restored to their perfect good health, with rosy cheeks and sparkling eyes—so may you. The specialists are too well known throughout the state to require further mention.

Married women should be accompanied by their husbands and children by their parents.

Remember the hotel, day and date—only one day only.

Hours, 9 a. m. to 4 p. m. (Adv.)

Pay your Income Tax early and over the war-intoxicated Hun.

Pay your Income Tax now and help to turn the German drive into a retreat.

Tell your wife TONIGHT that you have paid your Income Tax.

## CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadowville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and got bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thurford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NC-128

## The Long Arm of Mercy

By DR. FRANK CRANE

The Red Cross is the Long Arm of Mercy. It is the Kindness of Mankind—organized. In Man is an Angel and a Devil, a Dr. Jekyll and Mr. Hyde. The Red Cross is the Good, aroused, energized to thwart the Bad.

It is the best antidote we know to the bane of war. There are other Charities, more or less helpful. The Red Cross is the mightiest of all Charities, the Love and Pity of all men made supremely efficient.

If, as Emerson said, "sensible men and conscientious men all over the world are of one religion," this is the expression of that religion.

The Red Cross is Humanity united in Service. It asks no man's opinion; only his need.

Black or White, Friend or Foe, to the Red Cross there is no difference; it only asks: "Who is Suffering?" And to him it goes.

The Red Cross is so Efficient that Governments recognize it; so Pure in its purpose that whoever wishes well his fellow men, desires to help it; so Clean in its administration that the most suspicious can find no fault in it.

The Red Cross not only seeks to alleviate the cruelties of War; it is the expression of those human sentiments that some day will put an end to War.

It is the impulse of Love, striving to overcome the impulse of Hate.

It is Mercy's co-operation struggling against War's rivalries.

It is the one Society in which every Man, Woman and Child should be enrolled; for it knows no sects, no prejudices, no protesting opinion; the human being does not live that does not feel that the starving should be fed, the sick tended and the wounded healed.

Majestic and divine is this Long Arm of Mercy; it finds the fallen on the battlefield, it brings the nurse and the physician to the victim in the hospital; it leads the weeping orphan to a home; it feeds the starving, cares for the pest-smitten whom all others abandon, and pours the oil of Help and Pity into the bitter wounds of the World.

Where a volcano has wrought desolation in Japan, or a Flood in China, or a Hurricane in Cuba, or a Famine in India, or a Plague in Italy, or ravaging Armies in Poland, Serbia or Belgium, there flies the Red Cross, the Angel of God whom the fury of men cannot banish from the Earth; and to the Ends of the Earth, over all the ways of the Seven Seas, wherever is Human Misery, there is extended, to bless and to heal, its Long Arm of Mercy.

## THE SCARLET CROSS

By  
Margaret Widdemer  
Of the Vigilantes.

What is it that you do today, who lift the Scarlet Cross?  
For all the withered world is down in ruin and in loss,

And all the world bears clashing sword, and bears no sound less plain—  
What can you do who lift the Cross, but heal to fight again?

We guard the women left alone, heartbroken for their dead,  
We save the children wandering where all save Fear has fled,

We raise again the broken towns swept down by shot and shell,  
We heal again the broken souls hopeless from learning Hell—

Oh, they who saw but Grief and Hate see now our red sign plain—  
We save the sad world's soul alive that War had nearly slain!

## Bombardments Cannot Drive This Woman Back

She Thinks Coffee for Soldiers More Important Than Safety.

The following extracts are taken from a letter written by a Red Cross Canteen worker, Helen McElhone, an American woman and college graduate now located in a district almost constantly under bombardment:

"Foyer des Allies,  
"Bar-le-Duc.

"Things look very black to me. I am discouraged at the big outlook of affairs and also at my small doings, but it may be the blackness that comes before dawn. Let us hope so. Our men certainly need help now as much as the poilus. I am beginning to see those who have been at the front. In fact, I am beginning to see some of the results of this life. They are sick and homesick, and worse things have happened to them. Several have said: 'All we ask is to get to the front and do what we have to do. Anything is better than this life.' This morning we had more Americans than I have seen before at one time. One came up to me here as I was

drawing coffee from a big marmite as fast as I could fill cups and, pointing to his pipe, said, 'Tobac, tobac.' I said, 'Do you want some tobacco?' He seemed stunned for a moment and then said: 'Do you know it nearly gave me a fit to hear you speak English in five months.' He said he had been walking about in the cold since four o'clock last night. He couldn't find a hotel or a bright light because, of course, everything is closed and darkened on account of the bombardments. . . . The Americans are very fond of ham sandwiches. They eat much more than the French soldiers, and when they first came in and ordered six eggs apiece it caused consternation throughout the land. The funniest thing of all is to hear the Sammies grandly urging these weakly English girls to 'keep the change—oh, keep the change!' . . . We start the day at five and work continuously until nine, when three fresh cantinières relieve us. At five we go on for the evening shift from five to eight, and it is the most exciting and exhausting of the shifts. There is a certain time when they come down on us like a flood, eight or ten deep around the counter and three or four hundred altogether in this little room, as eager and tired as schoolboys."

The foregoing letter indicates that our soldiers look to the Red Cross Canteen as an oasis in a desert. They would not have it if it were not for your Red Cross.

## CARD OF THANKS

To the kind friends and neighbors who ministered unto us in our recent bereavement in the loss of our beloved brother, Samuel Spielberger, we desire to express our sincere gratitude.

MISS MATTIE SPIELBERGER,  
SISTERS AND BROTHERS.

## What is Spring Fever

It is simply low Vitality, a lack of Energy caused by impure blood.

At this season of the year, Nature is trying to throw off the impurities and this condition usually makes the body very weak.

A Good Blood Tonic just at this time brings relief and is a great help to Nature.

## Grove's Tasteless chill Tonic

is made for that purpose; it contains just what the Blood needs, IRON and QUININE, in a form acceptable to the most delicate stomach. It purifies and Enriches the Blood and you can soon feel its Strengthening, Invigorating Effect. 60c per bottle.

Washington, May 22.—The war department announced today 48 casualties to the American expeditionary forces. Three were killed in action, 2 died of wounds, 2 of disease, 38 were wounded severely, 3 wounded slightly. Lieut. Robt. H. Long, Houston, Texas, the only officer in the list, was reported wounded severely.

Private Richard W. Johnson, previously reported missing, is now reported to have rejoined his company. Died of wounds: Corp. Thomas D. Sneck, Livingstone, Tenn.; wounded severely, Lieut. Robt. H. Long, Houston, Texas; Private John J. McArn, Short Leaf, Ala.; Hart R. Marberry, San Angelo, Texas; Chas. C. Plyler, Lufkinburg, S. C.

## FORD CAR BRINGS A SHOWER BATH EVERY AFTERNOON

Babies Grow Whiter as Doctor and Nurse Serve Daily Baths From Door to Door.

"Good morning. We have come to give the children their bath," this, of course, said in good French. Then from off the motor car slides a portable shower bath, carried into the house by doctor and nurse.

For the next half hour that little cottage boasts of a bathroom in active service, for when the water is heated the blessing of a warm, clean shower pumped by the doctor falls on the head of Young France, while the nurse scrubs religiously and the darkening winter bears witness of a whiter, cleaner child.

And as you might well imagine, the kiddies like it, except the last cold dash that the doctor slyly engineers by quickly transferring the supply pipe into a bucket of cold water—for hygienic effect.

And what a blessing it is to these meek, tortured people, who for months have been without all of life's comforts and most of life's necessities, to be ministered to in this fashion.

It is perhaps understandable to them that "les Americains" out of sheer pity might offer them that meager thing that civilization calls "charity." But to be clothed, fed, sheltered and cheered as they have been by our Red Cross is more than they can understand.

For they have seen a great miracle grow out of the darkest pit of human experience. They have seen a bright light out of which has stepped the ministering angel who has taught them to smile again. They are no longer sick. They are no longer cold nor hungry, and now, wonder of wonders, this same good friend has contrived in some magic way—within the sound of the guns—to give them—baths.

## Mothers of the South Prepare for Trouble!

When a girl becomes a woman, when a woman becomes a mother, and when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances. Many thousands in this section would testify just as do the following:

LENOIR CITY, TENN.—"Some years ago I broke down from overwork and exposure. My brother thought I would die. I took Dr. Pierce's Favorite Prescription and it brought me out all right. I have also taken several bottles since and it always helps me. I can say it is a wonderful medicine. I recommend it to all broken-down women. It is the best medicine for nervousness and for prospective mothers that I ever saw."—MRS. MARY L. WALKER.

SYLACAUGA, ALA.—"My wife used Dr. Pierce's Favorite Prescription during expectancy. She had been having a great deal of trouble and used the 'Prescription' with wonderful results. She had practically no suffering, where before she had suffered intensely. No one can tell in words the good the 'Prescription' did my wife; it is simply a wonderful medicine. Every woman in the land ought to use it."—A. HUGGINS.

## Rheumatism Back on the Job With its Old-time Fury

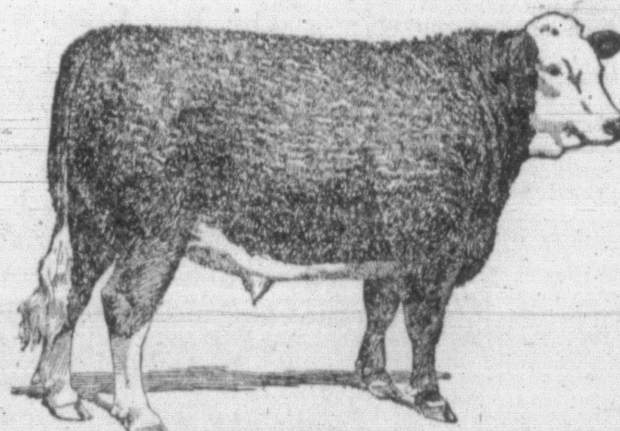

No Let-Up In Its Torture.

Pretty soon you will be reaching for the liniment bottle again, for the millions of little pain demons that cause Rheumatism are on the war-path. Winter weather seems to awaken them to renewed fury. But your Rheumatism cannot be rubbed away, because liniments and lotions cannot reach the disease. It is in the blood, and only a remedy that goes deep down into the circula-

tion, and routs out the disease germs, can rid you of this disabling disease. S. S. S. has given some wonderful results in treating Rheumatism. Being a purely vegetable blood remedy, it purifies the blood of every germ, and thus removes the cause of Rheumatism. Get a bottle to-day at your drugstore, and start on the right treatment that will get results. Free advice about your case can be had by writing to Medical Director, 26 Swift Laboratory, Atlanta, Ga.

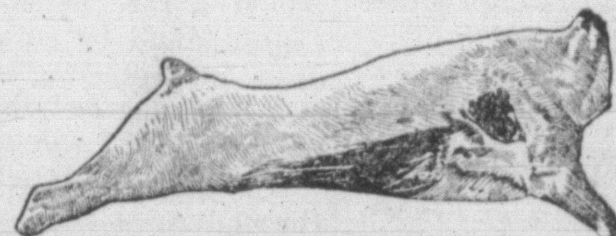

## Only About Half the Steer is Beef

Live Weight 1200 pounds

100%

Dressed Weight 672 pounds of Beef

56%

When Swift & Company buys a steer weighing 1200 pounds, only about 672 pounds goes to market as beef; the other 528 pounds consists of hide, fats, other by-products, and waste.

When the packer pays 15 cents a pound for a steer, he sells the meat to the retailer for about 24 cents. But the packer gets only 6 cents a pound for the other 528 pounds.

This means that the packer gets about 16 cents a pound for all the products from a steer for which he which he pays 15 cents.

The difference of 1 cent per pound covers the cost of dressing, preparation of by-products, freight on beef to all parts of the United States, operation of distributing houses, and leaves a net profit of only about 1/4 of a cent per pound on all dressed beef sold.

Large volume of business and utilization of parts that were formerly wasted, make this achievement possible.
